Encouragement, Empowerment, and Excellence in Every Classroom (book) \$29.95

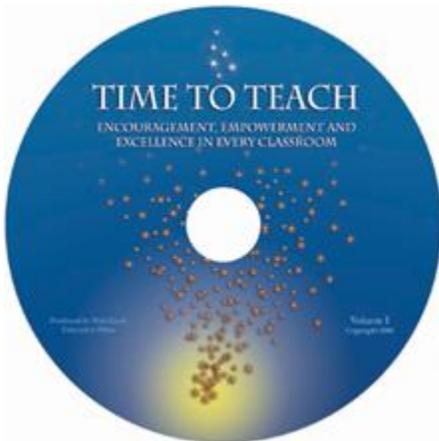

Having trained tens of thousands of teachers who teach hundreds of thousands of students, we know that children and adolescents can and will be responsible for their own behavior and for their own learning, but these skills must be taught first. That's why we have been tirelessly promoting it for over twenty-seven years! This book focuses on proven strategies for teaching important skills to students, evaluating their successes, and certainly focuses on the art of delivering effective consequences when all else fails. Special techniques are outlined for preventing discipline problems and dealing effectively with those that do occur...
