

## Multiple-Schools On-Site Workshop Schedule 6-9 hours of professional development per school

Multiple Schools On-Site workshops have helped schools that want their workshop to be personalized to their own school but can take advantage of a reduced cost when another school in the area can schedule their workshop within the same week. This has been used for pairs of schools in the same area that either were too large to share a single site or because they made different choices from our workshop options. For example, one school might want our classroom management workshop and the other school want to have teachers trained in developing higher-order thinking skills in their students. With this option, the expenses are shared.

Sample Pricing For Multiple Schools On-site Workshops			
Day 1 School A Site	QTY	UNIT PRICE	TOTAL
Trainer Fee*	1	\$1,500.00	\$1,500.00
Training/Resource Manuals	33	\$25.00	\$825.00
